

Bleher Folientechnik – Quality you can rely on!

Bleher Folientechnik GmbH is a family-owned company. Located in Ditzingen-Heimerdingen, our team of 40 dedicated employees brings over 50 years of experience in processing, enhancing and converting high-performance speciality films. This expertise enables us to deliver tailor-made, high-quality solutions that meet the unique needs of our customers. Our innovative film products are trusted across a variety of industries – from packaging and technology to automotive and industrial applications.

Health and Safety Policy at Bleher Folientechnik GmbH

As a company operating in the finishing of PET and specialty films, we assume responsibility for ensuring the health and safety of our employees. This responsibility encompasses all operational activities, from material processing through to the delivery of finished products to our customers.

Occupational health and safety considerations are systematically embedded in our business processes and decision-making.

Our health and safety policy is aligned with the requirements of DIN EN ISO 45001:2018.

Health and Safety

at the Core of Our Operations

Our Core Areas of Focus

Based on our risk assessments and operational requirements, we focus in particular on the following areas:

Workplace Safety

We rely on:

- Conducting and regularly updating risk assessments,
- Use of appropriate personal protective equipment (PPE),
- Technical and organizational measures to minimize risks,
- Regular inspections of work equipment and facilities.

Health and Prevention

We rely on:

- Regular instructions and training,
- Occupational health care and support,
- Ergonomic and health-conscious working conditions,
- Preventive measures to avoid strain and illness.

Our Commitment

We are committed to:

- Ensuring compliance with all applicable health and safety requirements,
- Providing safe and healthy working conditions to prevent work-related injuries and sickness,
- Identifying, assessing, and mitigating workplace risks,
- Continuously improving our occupational health and safety management system,
- Promoting employee involvement and a strong safety culture.

Governance and Accountability

Management is fully accountable for the effective execution of this health and safety policy. It ensures the allocation of necessary resources, defines measurable objectives in the area of occupational health and safety, and regularly reviews their effectiveness as part of the management review process.
