

Bleher Folientechnik – Quality you can rely on!

Bleher Folientechnik GmbH is a family-owned company. Located in Ditzingen-Heimerdingen, our team of 40 dedicated employees brings over 50 years of experience in processing, enhancing and converting high-performance speciality films. This expertise enables us to deliver tailor-made, high-quality solutions that meet the unique needs of our customers. Our innovative film products are trusted across a variety of industries – from packaging and technology to automotive and industrial applications.

Compliance Policy at Bleher Folientechnik GmbH

As a company specializing in the conversion of PET and specialty films, we take responsibility for adhering to all relevant legal and regulatory requirements.

These apply to all business processes as well as to our entire supply chain – from procurement and processing through to delivery to our customers. We systematically incorporate compliance requirements into our business processes and integrate them into our operations. This Compliance Policy is aligned with the requirements of ISO 37301.

Core Areas of Responsibility

A Focus on Integrity and Security

Our Core Areas of Focus

Drawing on our risk assessments and the requirements we have identified, our particular focus lies on the following areas:

Legal Compliance

We ensure:

- Systematic capture and assessment of relevant legal requirements,
- Integration of these requirements into our operational processes,
- Regular verification of compliance.

Integrity and Responsible Conduct

We rely on:

- Clear principles of conduct,
- Transparent business relationships,
- Responsible handling of information and data,
- Prevention of conflicts of interest and corruption.

Whistleblowing System

We ensure:

- A confidential system for reporting concerns,
- Structured review of incoming reports,
- Protection of whistleblowers,
- Derivation of appropriate measures.

Supply Chain and Business Partners

We ensure:

- Integration of compliance requirements into the selection and evaluation of suppliers,
- Risk-based screening of our business partners,
- Initiation of appropriate measures in the event of deviations or risks.

Product Safety and Conformity

We ensure:

- Compliance with product-specific requirements,
- Reliable traceability,
- Transparent documentation.

Export Controls and Customs

We ensure:

- Adherence to relevant export control and customs requirements,
- Integration of these requirements into our operations.

Compliance Policy

Accountability Through Clear Structures

Our Commitment

We are committed to:

- Complying with all applicable legal requirements and other binding obligations,
- Ensuring integrity, accountability, and transparency in all actions,
- Systematically identifying, assessing, and managing compliance risks,
- Detecting violations at an early stage, investigating them, and initiating appropriate measures,
- Fostering an open corporate culture with secure and accessible reporting channels,
- Continuously improving our compliance structures and processes

Governance and Accountability

Management is fully accountable for the effective execution of this Compliance Policy. It ensures that appropriate resources are allocated, clear and measurable objectives are set, and compliance performance is systematically monitored and reviewed through the formal management review process.
